Holy Spirit or Holy Ghost?

A few weeks ago a parishioner asked: Why was the term “Holy Ghost”, which I was taught as a child, suddenly changed to Holy Spirit in the 1960’s? Surely, this question will puzzle younger people because we’ve been saying Holy Spirit for over 50 years. But for several centuries almost all English-speaking Christians – Catholics and others – used to term Holy Ghost. This question leads us to a much broader issue: the changeable nature of the language of prayer.

Let’s begin with the change from “Ghost” to “Spirit.” *Ghost* comes from the Old English words *gast/gost*, which come from the old West Germanic word for *soul/spirit*. The German word *geist*, which is almost always translated as *spirit*, is obviously related to *ghost*. Whereas *geist* continues to mean *spirit* in a very broad sense, *ghost* has a very narrow meaning. The Oxford American College Dictionary (2001) defines *ghost* as “an apparition of a dead person that is believed to appear or become manifest to the living, typically as a nebulous image. The dictionary offers several additional definitions, but never mentions *spirit*.

When the Bible and liturgical books of the Roman Rite were retranslated in the early 1960’s, virtually all translators agreed that the term “Holy Ghost” had become obsolete in that *ghost* does not mean *spirit* in a way proper to the Holy Spirit. After all, the Holy Spirit is not the *ghost* of a dead person. Hence, change was needed. This change was peculiar to English because other languages had avoided the confusion between “ghost” and “spirit.” In German, for example, the Holy Spirit is still called *Heilige Geist*, which sounds like Holy Ghost.

What seems like a departure from “tradition” here is actually a return to tradition. The so-called modern term “Holy Spirit” is a much more faithful translation of the Latin *Spiritus Sanctus*. Indeed, “Holy Ghost” is very misleading because Latin has a specific word – *umbra* – that is roughly equivalent to the English *ghost*. Nowhere is *umbra* ever applied to the Holy Spirit.

This exercise in word study reminds us that *all* liturgical prayers and Scripture readings come to us as *translations*. Our Mass prayers translate Latin texts, most of them quite ancient; and the Scripture readings translate Hebrew, Greek, and a few Aramaic texts. Everything we say and hear is one step removed from the original.

The Catholic Church, because of her wideness and diversity, accommodates differences where possible. Now and then we hear the term “Holy Ghost” at Mass, for example, in the hymn “Come Holy Ghost.” And the English translation of the Roman Missal (1962) still uses the term. The co-existence of two different terms is not a display of confusion but a constant reminder that the Mystery of God always exceeds the grasp of our human language. Happy Pentecost!
